DEVILS OWN WATER/METHANOL INJECTION

FROM **£180**

Straight from the US, the DevilsOwn water/methanol or alcohol injection kits are available here — just the job for reducing inlet charge temperatures. Based around a Shurflo pump that can be adjusted to run between 0-150 psi, the kit includes everything you need to get it installed in your Ford. Also available with a progressive controller.

FROM **£180**

FIESTA MK6 POLY BUSHES

FROM **£12.55**

Zippy Racing is now stocking uprated Powerflex polyurethane bushes for the Mk6 Fiesta. Longer-lasting and stiffer, they're just the job for sharpening up the handling of your Fez. Items available include front anti-roll bar (16, 18 or 19 mm), lower front and rear wishbone, and rear beam mount bushes. Buy individually or as a complete car set.
